

SAMSUNG

A SE200 Series LED Desktop Monitors Everyday business meets everyday value with the Samsung SE200 Series desktop monitors. Since not every company does business the same way, the SE200 Series offers a range of sizes and aspect ratios at a reasonable cost. Each monitor in the lineup also features a low-glare commercial-grade TN panel, VGA and DVI connections, a matte black bezel with clearly labeled tactile buttons, speaker bar compatibility and VESA mount compatibility.

ID No.	Diagonal Size	Viewable Area	Input Connections	Unit	Price

3	SAS-S23E200B *	23" Widescreen	24 $\frac{1}{2}$ " × 16 $\frac{1}{4}$ "	VGA; DVI	EA 249.26
4	SAS-S24E200BL *	23.6" Widescreen	24 $\frac{7}{8}$ " × 16 $\frac{1}{4}$ "	VGA; DVI	EA 256.59

* Energy Star Qualified. 16:9 Aspect Ratio.

B SE450 Series LED Desktop Monitors Not all commercial-grade business monitors are created equal. Consider the Samsung SEY50 Series: featuring Samsung's energy-efficient LED-backlit technology, enhanced ergonomics and wider connectivity options. These innovative desktop monitors are clearly up to the task. They're ideal for business professionals of every level, whether they sit in a cubicle or command a corner office. Front-mounted tactile buttons ensure easy and intuitive operation, narrow-bezel designs save space and reduce clutter and fully adjustable stands with true swivel capability provide a better user experience.

* Energy Star Qualified.
SAS-S22E450BW—16:10 Aspect Ratio, SAS-S24E450D, SAS-S27E450D—16:9 Aspect Ratio.

HOW TO CHOOSE THE RIGHT SIZE FILTER

Choose from widescreen or standard size to assure the correct fit for your notebook/netbook or LCD monitor.

Take a measurement of the monitor width, height and diagonal, measuring only the viewable area (do not include the plastic monitor or laptop frame in your measurement).

BUYING GUIDE Monitor Filters

COMMON NOTEBOOK AND MONITOR FILTER TERMS

PRIVACY

Protects confidential information by making on-screen data visible only to the individuals directly in front of the monitor.

BLACKOUT TECHNOLOGY

Darkens screen image from side view.

BLUR TECHNOLOGY

Distorts screen image from side view.

MAGNIFICATION

Increases image and text size on your monitor screen.

ANTI-GLARE

Optical coating eliminates the glare and reflection from nearby light sources.

ANTI-RADIATION

Blocks a percentage of the electromagnetic ELF/VLF E-field radiation generated by computer monitors when properly grounded with grounding wire.

ANTI-STATIC

Reduces static charge and dust build-up when properly grounded with grounding wire.
