HPL (High Pressure Laminate) - Available for any work surface (top). Ask for a quotation and availability of color and design. A 3MM edge will be applied to the HPL tops, a higher quality due to the elasticity of the 3MM edge (no cracking most common with HPL edge).

NEW EAGLE TOP BY TONER QUEST

HERE ARE SOME OF THE POSSIBILITIES

HPL (High Pressure Laminate) is available for any work surface (top). Ask for a quotation and availability of color and design. A 3MM edge will be applied to the HPL tops, a higher quality due to the elasticity of the 3MM edge (no cracking most common with HPL edges).
